Dear Ladies and Gentlemen,

The office of the Friedrich Ebert Foundation in Ukraine and the Gorshenin Institute invite you to the presentation and discussion of the results of the opinion poll "Reforms in Ukraine: Change for the Better or Imitation of a Process?" that will take place on July 13th at 11:00 CET via zoom. At the end of 2019, a total of 2,000 people and five focus groups all over Ukraine have been asked how they have assessed the reforms to date since the "Revolution of Dignity", what experiences they have had with the changes in politics and society so far and what expectations they have of President Selenskyj's politics. We also want to look ahead to how the reforms in Ukraine will continue in view of the corona pandemic and the local elections in autumn 2020.
